

VAN DER VALK

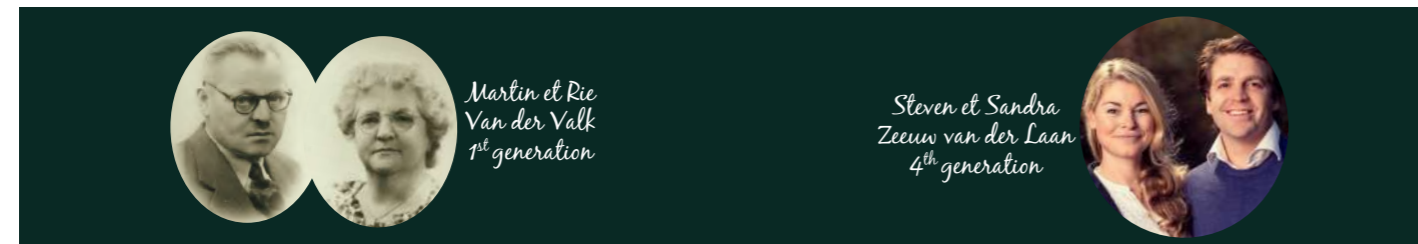

HÔTEL LUXEMBOURG

# VAN DER VALK, A FAMILY STORY...

*Have you heard the story about Van der Valk group?*

Where it all started...

In 1939, Martien and Rie Van der Valk opened a restaurant in Voorschoten in the Netherlands. Their hard-work and hospitality have contributed to the success of this endeavor.

A family story...

During the years following the Second World War, the couple built several restaurants with the help from their 11 children. Since then, their grandchildren and great-grandchildren have made the family business the largest hotel and restaurant group in the Netherlands with nearly 125 establishments worldwide.

Martien and Rie's hospitality is still the basis for the success of the "Van der Valk formula". Their business acumen and entrepreneurial spirit remain an example for the younger Van der Valk generations.

# DISCOVER THE REGION... ARLON AND THE ARDENNES

The city of Arlon is located in the Ardennes. This region is very green and full of outdoors activities! Do not hesitate to ask our reception team for more information!

Arlon is located in Wallonia, in a french speaking area near France and Luxembourg's borders.

## LUXEMBOURG

Less than 5km away from the hotel, Luxembourg is full of beautiful landscapes and cities to discover! The Müllerthal is perfect for an excursion in the nature... And take time to visit Luxembourg city, a perfect mix of tradition and modernity!

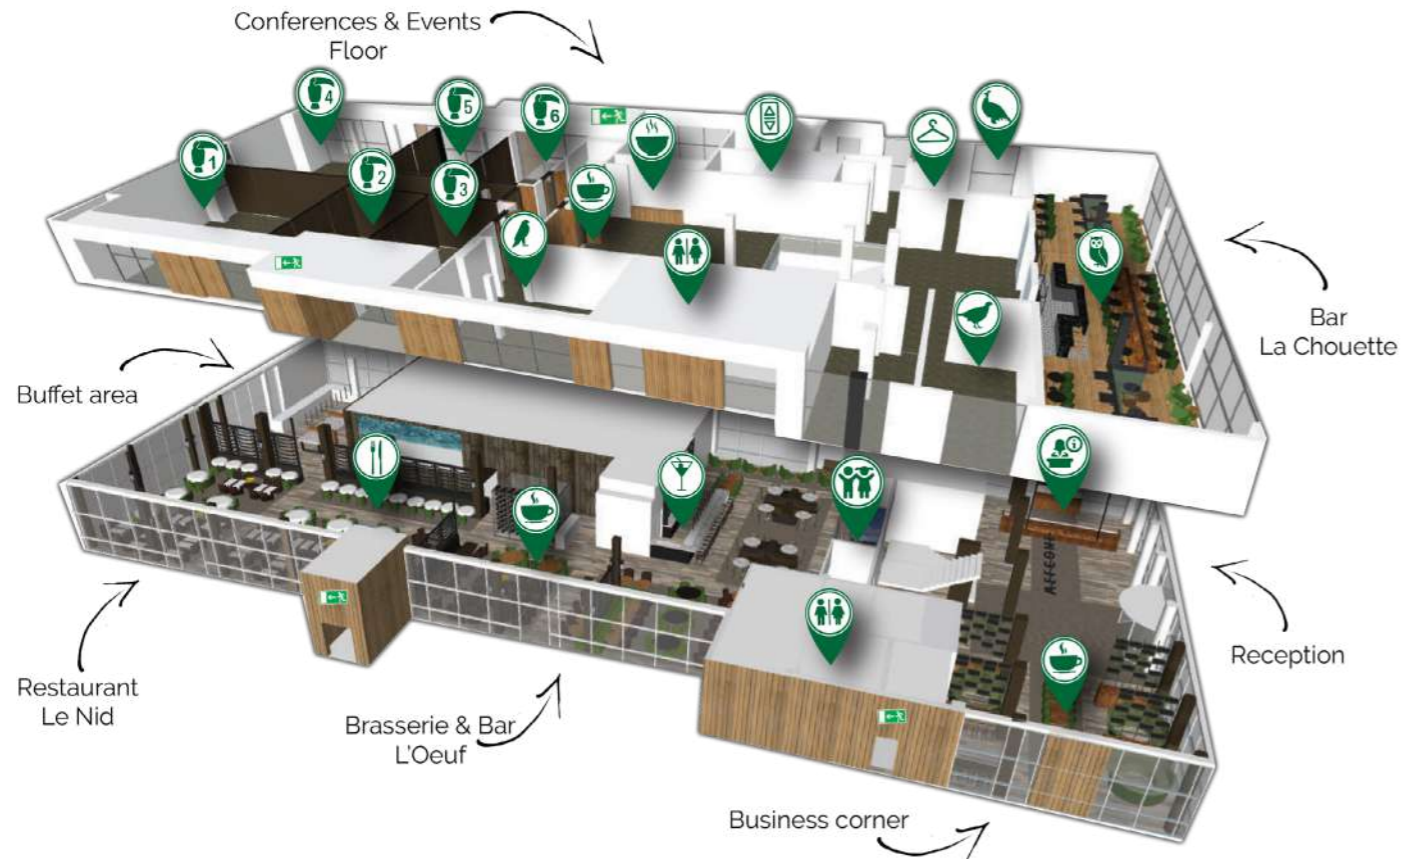

From summer 2021, enjoy a ride in the region! Electric bikes and scooters will be available for renting with departure at hotel. Ask our team for more information.

# FUTURE PROJECTS

The hospitality sector is constantly evolving and our main objective is offering the best customer experience to our guests! Thus our future extension will include new rooms but also unique activities in the greater region! Moreover sustainability and environment care stay at the heart of our priorities.

The new project is launched! In a few years, you will be able to discover and enjoy our new infrastructures, which will be energy self-sufficient thanks to the construction of a bio gas plant.

- New rooms
- Parking extension
- Carport with solar energy
- Wellness & Fitness Center
- New culinary offers
- City Wave
- Bio gas
